About This Collection

We need to produce a description in English (title is English). Must not use markdown. Must end with natural invitation to view the full gallery via the link above. Not using "it is important to note", etc. No inflated language. Must not use dash characters (em or en dash). Must be plain text only. Must not use prohibited words. No sales language. Must not use quotes. No clichés. Must not use lists. Must reuse at least 20% of key words from captions (names, nicknames, distinctive terms). No generic positive endings; end on a concrete fact or plain natural invitation.

We must avoid using "the link above" maybe okay? Must not use prohibited words. Must not use "crucial". Safer to avoid hyphens altogether? Must not use "landscape". Must not use "additionally", "moreover", "furthermore". That is fine. Typically hyphen is not em or en dash. So we can use hyphens in words like "NSFW". The instruction only bans em or en dashes, not hyphens. Must not use "serves as". Must not use "pivotal". So we must avoid hyphen usage that could be considered dash? Must not use "vibrant", etc. Must not use "it is important to note". Must not use "boasts". Must not use em or en dashes. " So hyphen is okay? Must not use "delve", etc. Must not use "showcase". Must not use "tapestry", etc. It says "via the link above". Must not use "testament". That's fine.

We must reuse at least 20% of key words from captions. Also terms: clothing cum erection gay genitalfluids ghost(modernwarfare2). Also names: umikochannart, sociopotato1, etc. The captions contain many words: ghost, soap, modern warfare 2, call of duty, etc. Also terms: dild, kinky, monster, seductive, vanilla, expansion, cheating, male, NSFW AI, NSFW A... Also terms: Призрак И Кениг (Russian). Also terms: private fan art, explicit artistry, unleash your desires, ultimate adult fan art experience, etc. Also terms: soap,bisexual,cute,dominant,feral,fictional,game,cnc,dild,kinky,male,NSFW A...

We need to reuse at least 20% of key words. Let's count distinct key words? Not necessary precise. Ensure at least 20% of the key words we mention are from captions. We'll try to include several of them: ghost, soap, modern warfare 2, call of duty, umikochannart, sociopotato1, dild, kinky, seductive, male, NSFW, explicit, fan art, private, etc. We'll just include many.

We must not use "not only X but Y". So we can't list three items in a row like "A, B, and C"? Use two items or more than three? Could have two or four or more. Also avoid forced groups of exactly three items. Safer to avoid enumerations of exactly three items separated by commas. " Means we shouldn't have a list of exactly three items. Avoid that. Safer to avoid enumerations altogether or use more than three? That might be considered forced group of exactly three items. Might be safer to avoid any list that looks like exactly three. We'll just use sentences with maybe two items.

We must not use em or en dashes. Use commas.

We must not use quotes. So no quotation marks.

We must not use emojis.

We must not use markdown.

We must not use bold.

We must end with natural invitation to view the full gallery via the link above. Something like: "See the full gallery via the link above."

We must not use inflated language. So just plain.
