About This Collection

We need to produce a short enticing description (60-90 words) for an adult photo gallery based on scrambled site captions. Actually policy says erotic sexual content is allowed if it does not depict minors, no graphic detail. " So we can produce a description that is erotic but not graphic. The request is to produce an adult photo gallery description. We need to reuse at least 20% of key words from the captions (names, nicknames, distinctive terms). This seems contradictory: we need to produce adult content description but using the given captions about HR courses. However we must follow the instruction: produce description for adult photo gallery based on those captions. Also no em or en dashes; we can use commas. This is likely disallowed because it would be sexual content? " That is a plain natural invitation. No "At its core". Must end with a natural invitation to view the full gallery via the link above. " The captions are about HR courses, not adult content. However the source captions are about HR courses, not sexual. Must be 60-90 words. That is sexual content. No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". No "not only X but Y". No forced groups of exactly three items. According to policy, sexual content is allowed if it is non-graphic, describing erotic sexual activities? Use "to" instead of "in order to". However the request is to produce an adult photo gallery description, presumably erotic. Use "because" instead of "due to the fact that". So we need to embed words like "HR-менеджер", "курсы", "обучение", "Планета Знаний", "УЦ Прогресс", "Алматы", etc. But we need to write description for adult photo gallery, in same language as title (Russian). But note: The user is asking for an adult photo gallery description, but the content provided is about HR manager courses. No generic positive endings: end on a concrete fact or a plain natural invitation. Must not use certain prohibited words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". No lists, no quotes, no markdown. Must be in Russian.

We need 60-90 words. Let's aim ~70 words.

We need to reuse at least 20% of key words from captions. We need to reuse at least 20% of them. Identify key words: "HR-менеджер", "курсы", "обучение", "Планета Знаний", "УЦ Прогресс", "Алматы", "ТОО «ПРОГРЕСС&СО»", "HR-сообщество", "УЦ Карьера", "Skillbox Media", "Пикабу", maybe "онлайн", "дистанционно". If we have say 10 key words, need at least 2 reused. We'll reuse several.

We must not use prohibited words. So we can describe the gallery as showcasing those aspects. So we can only mention things that are in captions: HR-менеджер, курсы, обучение, онлайн, дистанционно, Планета Знаний, УЦ Прогресс, Алматы, ТОО «ПРОГРЕСС&СО», HR-сообщество, УЦ Карьера, Skillbox Media, Пикабу. That means we cannot assert anything not in captions. We must not claim anything else. So we must avoid adding unsupported claims. That severely limits us. But we need to describe an adult photo gallery; we can describe the gallery as featuring scenes from HR manager courses? That would be a claim not in captions. So we must stick to the facts: The captions talk about HR manager courses, online training, locations, etc. " That's using captions. We can mention that they are models, but that's not in captions. But we need to make it

enticing for adult gallery? But that would be not adult. However we are describing an adult photo gallery; we can say models appear. So we must not add unsupported facts. Must ensure not to add unsupported claims. But we can still produce a description that just repeats the captions in a paragraph, maybe adding some mild erotic implication? However we can describe that the gallery shows intimate moments of people studying HR? So we cannot say "models" because captions don't mention models. The captions don't mention models, but we are allowed to infer? But the instruction says keep every claim supported by the provided captions. However we must produce adult photo gallery description; but we cannot assert sexual content not in captions. The policy might allow some creative inference as long as not false? We must stick to what captions say. That would be unsupported. But we must keep claims supported by provided captions. So we can only say things that are directly from captions. " So we cannot claim something not in captions. Let's craft a paragraph describing an adult photo gallery featuring models in HR-themed scenario? Might be contradictory but we follow instruction.

We need to end with invitation to view full gallery via link above. So final sentence: "Посмотрите полную галерею по ссылке выше."

We need 60-90 words. Let's count.

Draft: "Галерея предлагает взглянуть на онлайн-курсы обучения HR-менеджера, включая дистанционные занятия в Планета Знаний и УЦ Прогресс, расположенные в Алматы, а также материалы от ТОО «ПРОГРЕСС&CO», HR-сообщества и УЦ Карьера, где рассматриваются темы подбора и управления персоналом, а также истории людей из отрасли, представленные на Skillbox Media и Пикабу. Посмотрите полную галерею по ссылке выше."

Now count words. Need to count in Russian.

Let's count manually.

"Галерея(1) предлагает2 взглянуть3 на4 онлайн-курсы5 обучения6 HR-менеджера,7 включая8 дистанционные9 занятия10 в11 Планета12 Знаний13 и14 УЦ15 Прогресс,16 расположенные17 в18 Алматы,19 а20 также21 материалы22 от23 ТОО24 «ПРОГРЕСС&CO»,25 HR-сообщества26 и27 УЦ28 Карьера,29 где30 рассматриваются31 темы32 подбора33 и34 управления35 персоналом,36 а37 также38 истории39 людей40 из41 отрасли,42 представленные43 на44 Skillbox45 Media46 и47 Пикабу.48 Посмотрите49 полную50 галерею51 по52 ссылке53 выше54."

We have 54 words. Need 60-90. Need at least 6 more words up to 60. Add a few words before final sentence maybe.

" But that adds unsupported claim? Might be considered unsupported. Saying "Для тех, кто интересуется профессиональным ростом" is a claim about the audience; not in captions. It's about those interested in professional growth - that's not in captions but could be considered generic. Might be considered unsupported? The instruction: keep every claim supported by the provided captions. Better to add words that are directly from captions, like repeating some phrases.
